***The Solar Electric House***

*Page 1-11*

What was the main purpose of the reading? What did you learn?

What was confusing about the reading?

In the following table, list at least 5 things that are important to consider when designing a house to use photovoltaics. For each item, explain in detail what difference it makes to the functioning of the house.

<b><i>Design Consideration</i></b>	<b><i>Why is this important?</i></b>

Now... describe how you would use these to design your house. You may use the back of this page.
