Accredited to Prepare California K-12 Teachers
Our Approach

Because equity and inclusion should never live in just one course, the HTH teacher center highlights connections for practices for students with exceptionalities, emergent bilingual learners, and equity and diversity in each and every class session. Our programs are designed to support new teachers in developing the following tenets:

Teaching for Equity: Participants learn to create equitable learning environments and conditions that support the success of all students.

Connecting Theory and Practice: Teaching experience serves as a text for program coursework and course discussions.

Modeling Teaching Strategies: Course instructors are K-12 educators who model student-centered, constructivist pedagogical strategies.

Student Voice: Participants learn to create classroom environments that value student voice and experience.

Catalog effective date: June 1, 2020

The High Tech High District Intern Program is approved by the Commission on Teacher Credentialing (CTC) to offer California educator preparation programs under Local Education Agency (LEA) status.

Commission on Teacher Credentialing
1900 Capitol Avenue
Sacramento, California 95811

http://www.ctc.ca.gov/reports/data/app-approved-program.html

Mission

The HTH District Intern Program is dedicated to improving public education by preparing reflective practitioners. The program is centered around the HTH design principles of equity, personalization, authentic work, and collaborative design. Teacher preparation is embedded within K-12 clinical sites where participants can experience a practical context for teaching and learning while being supported by a collegial support network.
**Program Eligibility**

To be eligible to enroll in the HTH District Intern Program, an applicant must have both:

a) Qualifying employment in a teaching assignment that matches the credential held and

b) Completed prerequisites.

---

**a) Employment**

Employed or offered employment as the teacher of record, 50% or more time, in a K-12 public school environment within San Diego county.

If employed at a school outside of HTH Charter, then HTH Teacher Center will seek to establish a Memorandum of Understanding (MOU) outlining roles and responsibilities for Intern support.

---

**b) Prerequisites**

**Bachelor’s Degree**

Official transcripts from all [regionally accredited universities](#) (electronic or sealed originals required) sent to:

HTH Forum
ATTN: Teacher Center
2150 Cushing Road
San Diego, CA 92106
or electronically to: credentialing@hightechhigh.org

**Certificate of Clearance**

Complete the LiveScan fingerprinting process using [Form 41-LS](#) and apply online for a Certificate of Clearance (unless valid CA Substitute Permit is held).

**Basic Skills Requirement**

Most will satisfy this requirement by passing the CBEST exam; other methods see Commission leaflet [CL-667](#).

**US Constitution**

During the enrollment process, a transcript review will be completed to see if this requirement has been satisfied through college coursework. If not, applicants may complete a college level US Constitution course (min 2 semester units) or receive passing scores on an online US Constitution exam, such as: [http://www.usconstitutionexam.com](http://www.usconstitutionexam.com).

**Subject Matter Competency**

Two options: Passage of the appropriate CSET exam or Subject Matter Waiver Letter (completed during undergraduate program and issued by university/college).

Program Acceptance

Conditional Acceptance
Granted if the following documents are completed and uploaded with the online application. The Credential Analyst will verify documentation and then enroll the candidate in their respective online prerequisite courses, which begin on June 15th.

1. Official Transcripts w/ Conferred Degree
2. Certificate of Clearance or Sub Permit
3. Proof of US Constitution

Full Acceptance
Granted if all of the above, in addition to the following, is received by AUGUST 1st:

4. Basic Skills (CBEST or equivalent)- this prerequisite may be suspended allowing program entry for the 2020-21 school year only. Basic Skills is still required for program completion.

5. Verification of employment as the teacher of record, 50% or more time, in a K-12 public school environment within San Diego county

6. Subject Matter Competency: Either passage of CSET that matches teaching assignment or Subject Matter Waiver Letter. This prerequisite may be suspended allowing program entry for the 2020-21 school year only. Subject Matter is still required for program completion.

7. Prerequisite (summer) coursework successfully completed

If all of the above is received by AUGUST 1st, participants will qualify for a CA District Intern Credential, which authorizes their service in a CA classroom.

No Admittance
If by AUGUST 1st a candidate has not completed items # 1-7 above, then employment eligibility and/or continuation in the District Intern Program is in jeopardy. Candidates are encouraged to apply to the program next school year and will receive a certificate of completion for completed prerequisite (summer) coursework.
## Summer Coursework (Pre-Service)

Intern participants are required to have 120 hours of instruction prior to being admitted into the HTH District Intern Program. This instruction includes foundational preparation in general pedagogy prior to the start of the program of study. Completion of prerequisite coursework does not guarantee admission into the Intern program. Courses run concurrently.

**Dates:** June 15 – July 24, 2020  
**Mode:** 100% online

---

### To register for pre-service summer coursework, participant must have:

- Bachelor’s Degree
- Certificate of Clearance
- US Constitution (course or exam)

Program Fees

Program Fee: 2020-21
Fees are established each year for the program and are subject to change. Program fee for Year One, Two, Bridge or ECO: $3,500/year.

PAYMENT OPTIONS
Flexible monthly payment plans are available. Fees must be received and processed by the HTH business Office no later than the close of each program year (June).

HTH Teachers
The program fee will be paid via payroll deduction. Each school year contains 20 pay periods (2 per month). First deduction will occur with September 15th payroll and final deduction on June 30th.

Partner Teachers
Select option to: Pay in full or ten (10) equal credit card (August through May) deductions. A $25.00 late fee will be assessed if payment is not made within 5 days of the due date.

Delinquent Accounts
Accounts become delinquent if payment is 30 days overdue. Individuals with delinquent accounts may be prohibited from attending classes or obtaining transcripts. All program fees must be paid in full, prior to the program applying for a credential. Please contact the program manager if seeking alternative payment plans. Failure to agree or adhere to a payment plan may result in delinquent accounts being sent to a collections agency.

Financing Options
While there are no financing options available for the Intern Program, the program fee is kept low and affordable. The fee cannot be claimed on taxes because the Intern program is not a graduate school, Title IX Institution.

Anticipated Fees
The HTH Teacher Center strongly recommends that participants budget for associated testing and application fees (see estimates below). State and testing agency fees will vary and does not apply to every participant.

CalSTRS
One benefit of an Intern Program is that teachers begin paying into the CA Teacher Retirement System (pension system). The CalSTRS retirement benefit is a defined benefit pension. After five years of service credit, teachers are eligible for a guaranteed lifetime retirement benefit.

Talk to the payroll specialist at your school for more information. Go to https://www.calstrs.com/
Policies & Procedures

Changes in Content Area
Individuals enrolled in a District Intern Credential Program may only pursue one credential and content area at a time. Those offered a teaching position in another content area should consult the program as soon as possible. A program change may be requested and learning plan created.

Changes in Employment
Individuals planning to transfer to another school site or district while enrolled in a District Intern Credential Program must notify the program immediately. Continued participation in the program is dependent upon holding a qualifying teaching assignment that matches the credential held. District Intern program coursework is not transferable.

Equivalency
Coursework completed through a Commission-approved teacher preparation program within the past five years may be reviewed for equivalency upon request. A maximum of 12 semester units may be accepted.

Course Repeat or 3rd Year
If a participant needs to repeat a course, or continues into a third year, a $500 fee, per semester enrolled, will be charged.

Privacy
HTH understands that the educational record of the Participating Teacher, employed by an Employer, is protected by FERPA. As a result of the Memorandum of Understanding (MOU) Agreement, the Employer is considered a school official with a legitimate educational interest in determining the professional responsibility of the Participating Teacher. HTH agrees to protect the privacy of educational records concerning any Participating Teacher and will not transmit, share or disclose any such records without the Participating Teacher's written consent, except to other school officials who have a legitimate educational interest in the records.

Equal Opportunity Policy
The HTH Teacher Center makes acceptance, admissions, and personnel decisions without considering race, color, creed, national origin, gender, pregnancy, sexual orientation or preference, marital status, sex, religion, age, military service or any other constitutionally or legally prohibited consideration protected by law. These decisions include the admission, retention or program completion of participating teachers, and decisions regarding the employment, retention or promotion of employees. All admission actions will be administered in a nondiscriminatory manner.

Grievance Policy
The HTH Teacher Center Grievance Policy relies on the good faith of all involved to achieve a reasonable resolution of grievable actions. Any individual who believes that s/he has grounds for a grievance should follow the procedure below:

- First, an individual should make an attempt to resolve the issue through early informal discussion of the matter with the Teacher Center staff, mentors, practitioner faculty, or program administrators.
- If the issue is not resolved, the individual is encouraged to submit a written summary of the grievance to the Director of Intern and Induction Programs; a) Grievances will be addressed in a timely manner in the hopes of finding a quick resolution, and b) A written response will be provided to the individual within 10 business days of receipt.
- The Director will follow up with all involved parties and make a recommendation or determination based on Teacher Center policies & procedures.

If the individual is not satisfied with the outcome, an appeal may be submitted to the HTH Chief Learning Officer.
Course Expectations & Citizenship

**Punctuality**
Participants must arrive on time (start time is 4:45 pm) and be prepared to successfully meet course expectations. Participants that arrive 15 minutes late to class will be counted as absent.

**Attendance**
Attendance at each class session is mandatory to receive course credit. If an unavoidable emergency prevents attendance, it is the responsibility of the teacher to arrange make-up work or session with the instructor. Accommodations are at the discretion of the course instructor. Any absence will result in a meeting with program directors.

**Make-Up and/or Late Work**
All work should be submitted on time. However, if a class is missed or additional time is needed due to an illness, then it is the responsibility of the participant to contact/approach the course instructor. Communication with course instructor is vital. All course grades will be closed and submitted two weeks after the course ends.

**Participation**
In addition to physical presence, mental presence is also required. Teachers are expected to be positive contributors to the learning environment, responsible for their own learning, and productive citizens within the classroom.

**Post Graduate-level work and Ethics**
A teaching credential should be regarded as a symbol of professionalism. Any form of cheating will result in immediate action and penalties, which may include repeating the course or departure from the program.

**PowerSchool LMS**
All syllabi, coursework and feedback will be provided on the HTH PowerSchool Learning Management System (LMS). Most coursework will be submitted electronically on the LMS system. If you need assistance or login information, email: credentialing@hightechhigh.org

**Assessment**
Courses are graded on a credit/ no credit basis. As courses are designed around the conversations in class, attendance is vital and full participation is encouraged. Rather than focusing on a letter grade, the learning process is supported through conversation, critique, discussion, and Put It To Practice (PITP) assignments. Courses are assessed in accordance with the following criteria:

- **Process** = benchmarks for projects (all drafts, critiques, etc.)
- **Content** = PITP, reflections annotations, discussion posts, essays, assignments
- **Participation** = activities done in class & attendance

**Credit “CR” (Pass)**
Class participation and outside work reflect professionalism, effort, and dedication; readings and assignments are completed on time. In order to earn a passing grade, teachers must achieve the learning outcomes and standards listed on the syllabus. The final product must “meet” or “exceed” the criteria stated on the rubric. Teachers will be required to revise their work if they “approach” the criteria.

**No Credit “NC” (No Pass)**
The teacher makes little to no progress toward completing course assignments, and fails to achieve the learning outcomes and standards for the course, such as class participation and/or outside work are below average; assignments are missing, incomplete, and/or the standards set by the class.
At-A-Glance

The HTH Intern Program is a two-year commitment, which involves coursework, supervised teaching, weekly support of a Mentor and observations, reflective practice, and a teaching performance assessment. Here is an overview of year one coursework.

Weekly: Tuesdays  
Time: 4:45 - 7:45 pm  
Location: HTH Forum (2150 Cushing Road, San Diego, 92106)  
All classes are six weeks in length

Secondary Program (Yr 1)

Single Subject Program of Study

Standard

6th-12th Secondary Credential
Content areas:

- Art;
- English;
- Mathematics (including foundational-level);
- Science (including foundational-level);
- Social Science/History and
- World Languages

The Single Subject credential, 6-12, authorizes teaching the specific subject(s) named on the credential in departmentalized classes such as those in middle and high schools. An embedded English Learner Authorization authorizes instruction for English language development and specially designed academic instruction in English within the subject area and grade level authorization of the Single Subject Teaching Credential. The coursework and clinical practice of the HTH District Intern teacher preparation program are delivered in a prescribed sequence. Participants must be employed as the teacher of record at least 50% time in order to remain in the program.

Completion Requirements (Yr 1)

- Passage of prerequisite coursework
- Hold a valid District Intern Credential
- Successfully complete all coursework
- Submit assignments on time
- Remain employed as teacher of record in a teaching assignment which matches the credential being pursued
- Participate in weekly meetings with mentor
- Participate in three (3) observations of your mentor (and vice-versa) and one external observation of a teacher outside of your school organization.

Full Admittance

- Completion of 120 hours prerequisite instruction
  - Emergent Bilingual Learners
  - Culturally Responsive Pedagogy
- Enrollment forms on file with HTH Credential Analyst
- Activated District Intern Single Subject Credential

Elementary Program (Yr 1)

**Multiple Subjects Program of Study**

Standard

K-8 Elementary Credential  
Content area: Multiple Subjects

The Multiple Subject credential, K-8, authorizes teaching in public school settings where the teacher teaches all subjects to one group of students in a self-contained classroom. This type of classroom structure is found in elementary schools and is used in core block subjects in some middle schools as well. An embedded English Learner Authorization authorizes instruction for English language development and specially designed academic instruction in English within the subject area and grade level authorization of the Multiple Subjects Teaching Credential.

The coursework and clinical practice of the HTH District Intern teacher preparation program are delivered in a prescribed sequence. Participants must be employed as the teacher of record at least 50% time in order to remain in the program. Multiple Subjects Intern teachers must pass the RICA exam before they can be recommended for a Preliminary Credential.

**Full Admittance**

Early Completion Option (ECO)

Single or Multiple Subjects Program of Study (ECO)

Ed Specialists are not eligible for this program.

Early Completion Option (ECO)

6th-12th Secondary Credential
Content areas: Art; English; Mathematics (including foundational-level); Science (including foundational-level); Social Science/History and World Languages or

K-8 Elementary Credential
Content area: Multiple Subjects

The Early Completion Intern Option (ECO) is intended to provide individuals who have requisite skills and knowledge an opportunity to challenge the coursework portion of a Multiple or Single Subject Intern Program and demonstrate pedagogical skills through a performance assessment while enrolled and participating in a Commission-approved intern program.

ECO Eligibility

- Passage of the NES APK Exam (Assessment of Professional Knowledge)
  - Secondary/Single Subject or
  - Elementary/Multiple Subjects
- Faculty Interview with the Director of Intern Program (Diana Sanchez) to determine ECO recommendation
- Meet all District Intern admittance requirements:
  - Completion of 120 hours prerequisite (summer) instruction
  - Enrollment forms on file with HTH Credential Analyst
  - Activated District Intern Single/Multiple Subjects Credential

Program Coursework

Early Completion Option (ECO) allows candidates, who have met all of the eligibility qualifications above, to:

- Begin independently working on the CalTPA* (cycles 1 & 2)
- Waive all remaining Intern coursework unless passage of CalTPA* Cycles 1 & 2 are NOT passed on the first attempt within the first academic year of enrolling in the intern eco route; and
- Follow the Year One completion requirements for their program of study

NOTE: *If the candidate does not pass the CalTPA cycles 1 and 2 on the first attempt within the first academic year of enrolling in the eco route, they are no longer ECO eligible and must complete the full two-year teacher preparation program.

Additional ECO Requirements (May 15th)

1. CSET: Preliminary Educational Technology (Limited testing windows, plan accordingly).
   - # 1 (August – Sept);
   - #2 (November – December); or
   - #3 (January - February 2021); and
2. Passage of the RICA exam (for Multiple Subjects Credential route only)
Ed Specialist (Yr 1)

Education Specialist Program of Study
Standard

K-12 Credential- Mild/Moderate Support Needs
Content Areas: Art, English, Mathematics (including foundational-level), Music, Science (including foundational-level), Social Science/History or World Languages.

The Education Specialist credential, K-12, authorizes teaching students with autism, emotional disturbance, specific learning, mild to moderate intellectual, and other health impairments; and authorizes service in grades K-12 and for adults through age 22. An embedded English Learner Authorization authorizes instruction for English language development and specially designed academic instruction in English within the subject and grade level authorization of the Education Specialist Teaching Credential.

The coursework and clinical practice of the HTH District Intern teacher preparation program are delivered in a prescribed sequence. Participants must be employed as the teacher of record at least 50% time in order to remain in the program. Education Specialist Intern teachers must pass the RICA exam before they can be recommended for a Preliminary Credential.

Full Admittance

✓ Completion of 120 hours prerequisite instruction
  ○ Emergent Bilingual Learners
  ○ Neurodiversity in Education
✓ Enrollment forms on file with HTH Credential Analyst
✓ Activated District Intern Education Specialist Credential
✓ Caseload: 5-10 students

Workshop Schedule (TBA)
The HTH Intern Program is a two-year commitment, which involves coursework, supervised teaching, weekly support of a Mentor and observations, reflective practice, and a teaching performance assessment. Here is the overview of year two coursework.

Weekly: Wednesdays  
Time: 4:45 - 7:45 pm  
Location: HTH Forum (2150 Cushing Road, San Diego, 92106)  
All classes are six weeks in length.

**Single Subject**

Secondary Program (Yr 2)

Single Subject Program of Study

Standard

6th-12th Secondary Credential
Content areas: Art; English; Mathematics (including foundational-level); Science (including foundational-level); Social Science/History and World Languages

Statewide, Multiple and Single Subject Credential Program candidates must pass a state-mandated teaching performance assessment (TPA). The HTH District Intern Program uses the California Teaching Performance Assessment (CalTPA 2.0) for its Multiple and Single Subjects candidates. This assessment of teaching performance is designed to measure the candidate's knowledge, skills and abilities in relation to California's Teaching Performance Expectations (TPEs).

Year Two Program Coursework

5 courses
10.5 units

TED 537 Design for Deeper Learning 1.5
TED 541 Equity & Diversity 1.5
TED 538 Authentic Assessment 1.5
TED 513 Methods of English Learner Development 1.5
TED 539 Teaching & Learning III: Seminar* 1.5
TED 560 Intern Fieldwork II (SS) 3

*CalTPA preparation and assignments are embedded within year two coursework and instructional cycle # 2 will be submitted by March 2021.

Completion Requirements (Year 2)

✓ Successfully complete all coursework
✓ Submit assignments on time
✓ Remain employed as teacher of record in a teaching assignment which matches the credential being pursued
✓ Participate in weekly meetings with mentor
✓ Passage of the Teaching Performance Assessment (CalTPA Instructional Cycles # 1 & 2)
✓ Passage of a Presentation of Learning
✓ Participate in three (3) observations of your mentor (and vice-versa) and one external observation of a teacher outside of your school organization.

Bridge Program (Single Subject)

Single Subject Program of Study (Bridge)

Bridge Program: For teachers holding an existing Education Specialist Credential

The Bridge program allows a teacher with an existing CA Education Specialist credential to “bridge” over and earn their Single Subject credential. Teachers that qualify for this one-year program must be teaching a specific content area in a 6-12 classroom setting.

The Single Subject credential, 6-12, authorizes teaching the specific subject(s) named on the credential in departmentalized classes such as those in middle and high schools. An embedded English Learner Authorization authorizes instruction for English language development and specially designed academic instruction in English within the subject area and grade level authorization of the Single Subject Teaching Credential.

The HTH District Intern Program uses the CalTPA (Teaching Performance Assessment) to measure a candidate’s knowledge, skills and abilities. CalTPA preparation and assignments are embedded within coursework and CalTPA cycles #1 and #2 must be completed by March 2021.

Eligibility

• Meet all requirements to earn a CA District Intern Single Subject Credential
• Hold a valid CA Ed Specialist Teaching Credential
• Three years of teaching experience
• Faculty Interview

Program Coursework:

**CalTPA preparation and assignments are embedded within coursework and should be submitted by March 2021.

Bridge Completion Requirements:

• Successfully complete all coursework
• Submit assignments on time
• Remain employed as teacher of record in a teaching assignment which matches the credential being pursued
• Participate in weekly meetings with mentor
• Completion of required SPED workshops
• Passage of the Teaching Performance Assessment
• Passage of the RICA unless a Multiple Subjects credential is held
• Passage of a Presentation of Learning
• Participate in three (3) observations of your mentor (and vice-versa) and one external observation of a teacher outside of your school organization.
Bridge Program (Multiple Subjects)

Multiple Subjects Program of Study (Bridge)

Bridge Program: For teachers holding an existing Education Specialist Credential

The Bridge program allows a teacher with an existing CA Education Specialist credential to “bridge” over and earn their Multiple Subjects credential. Teachers that qualify for this one-year program must be teaching in a K-8 classroom setting.

The Multiple Subject credential, K-8, authorizes teaching in public school settings where the teacher teaches all subjects to one group of students in a self-contained classroom. This type of classroom structure is found in elementary schools and is used in core block subjects in some middle schools as well. An embedded English Learner Authorization authorizes instruction for English language development and specially designed academic instruction in English within the subject area and grade level authorization of the Multiple Subjects Teaching Credential.

The HTH District Intern Program uses the CalTPA (Teaching Performance Assessment) to measure a candidate's knowledge, skills and abilities. CalTPA preparation and assignments are embedded within coursework and CalTPA cycles #1 and #2 must be completed by March 2021.

Eligibility
- Meet all requirements to earn a CA District Intern Multiple Subjects Credential
- Hold a valid CA Ed Specialist Teaching Credential
- Three years of teaching experience
- Faculty Interview

Program Coursework:
10 courses
18 units

EDUC 402 Culturally Responsive Pedagogy 1.5

TED 538 Authentic Assessment 1.5
TED 521 Principles of Reading Instruction* 1.5
TED 535 (a) Teaching & Learning II: Elem Literacy 1.5
TED 539 Teaching & Learning III: Seminar** 1.5
TED 550 Intern Fieldwork II (MS) 3

*Course may be waived if Multiple Subjects credential is held
**CalTPA preparation and assignments are embedded within coursework and should be submitted by March 2021.

Bridge Completion Requirements:
- Successfully complete all coursework
- Submit assignments on time
- Remain employed as teacher of record in a teaching assignment which matches the credential being pursued
- Participate in weekly meetings with mentor
- Passage of the Teaching Performance Assessment
- Passage of a Presentation of Learning
- Participate in three (3) observations of your mentor (and vice-versa) and one external observation of a teacher outside of your school organization.
Bridge Program (SPED)

Education Specialist Program of Study (Bridge)

Bridge Program: For teachers holding an existing Single or Multiple Subjects Credential

- K-12 Credential- Mild/Moderate Support Needs
- Content Areas: Art, English, Mathematics (including foundational-level), Music, Science, (including foundational-level), Social Science/History and World Languages.

The Bridge program allows a teacher with an existing CA Single or Multiple credential to “bridge” over and earn their Education Specialist (ES) credential. Teachers that qualify for this one-year program must be teaching /case managing students with specific learning, mild to moderate intellectual, autism, emotional disturbance, and other health impairments in grades K-12 and for adults through age 22.

The HTH District Intern Program uses the CalTPA (Teaching Performance Assessment) to measure a candidate's knowledge, skills and abilities. CalTPA preparation and assignments are embedded within coursework and CalTPA cycle #1 must be completed by March 2021.

Eligibility
- Meet all requirements to earn a CA District Intern Education Specialist Credential
- Hold a valid CA Single or Multiple Subjects Teaching Credential
- Completion of prerequisite course:
  - EDUC 402 Neurodiversity in Education
- Three years of teaching experience
- Faculty Interview

Program Coursework:
- 8 courses
- 15 units (plus workshops)
- Caseload: 5-10 students

- EDUC 402 Neurodiversity in Education 1.5
- SPED 525 Case Management 1.5
- SPED 522(b) Teaching & Learning II: SPED Assessment 1.5
- SPED 533 Inclusive Classrooms 1.5
- TED 521 Principles of Reading Instruction* 1.5
- SPED 522(a) Teaching & Learning II: SPED Methods 1.5
- SPED 526 Teaching & Learning III: SPED Seminar** 1.5
- SPED 524 Autism & Transition 1.5
- SPED 550 Intern Fieldwork II (ES) 3

*Course may be waived if Multiple Subjects credential is held
**CalTPA preparation and assignments are embedded within coursework and instructional cycle #1 will be submitted by March 2021.

Workshop Schedule (TBA)

Bridge Completion Requirements:
- Successfully complete all coursework
- Submit assignments on time
- Remain employed as teacher of record in a teaching assignment which matches the credential being pursued
- Participate in weekly meetings with mentor
- Completion of required SPED workshops
- Passage of the Teaching Performance Assessment (cycle # 1 only)
- Passage of the RICA unless a Multiple Subjects credential is held
- Passage of a Presentation of Learning
- Participate in three (3) observations of your mentor (and vice-versa) and one external observation of a teacher outside of your school organization.

<th>Instructor(s)</th>
<th>Dates</th>
<th>Course Details</th>
</tr>
</thead>
</table>
| **EDUC 400**  
EMERGENT BILINGUAL LEARNERS | Marisol Franco | June 15 - July 24, 2020 (online) | This course introduces participants to the theory, strategies and practice of understanding, planning and meeting the unique needs of English Learners. Participants will explore the social, emotional, and instructional needs that define the growing English Learner population in the United States. Participants will learn about relevant theory and practice that support English Learner development and provide access to the core academic curriculum. Prerequisite course (SS, MS, ES) |
| **EDUC 401**  
CULTURALLY RESPONSIVE PEDAGOGY | Diana Cornejo-Sanchez | June 15 - July 24, 2020 (online) | This course is designed to provide participants with an understanding of the sociocultural realities and histories of their students. Participants will learn ways to: negotiate the culture of the classroom with the identities of their students to foster a community of learning, uncover biases, design a diverse curriculum, and learn how systems in the classroom can support high expectations for all students. Prerequisite Course (SS, MS) |
| **EDUC 402**  
NEURODIVERSITY IN EDUCATION | Sarah Barnes | June 15 - July 24, 2020 (online) | This course is designed as a broad introduction to Special Education through a lens of equity and access for all learners. The course begins with an overview of legal requirements and laws, including situating our learning in a historical context. Participants hone their communication skills in order to effectively collaborate and partner with a variety of stakeholders, including classroom teachers, administrators, families, agencies, specialists, etc. Participants learn about a broad spectrum of learning differences, and think deeply about how these differences impact the full scope of the school day experience, from social time to academics. Participants learn how to plan instruction for students with learning differences and service delivery models are explored, including co-teaching and full inclusion. Prerequisite Course (ES) |
| **TED 500**  
CLASSROOM STRUCTURES | Diana Cornejo-Sanchez & Sarah Barnes | August 3 – 7, 2020 (5 day) | In this five-day intensive course, participants learn to create a student friendly learning environment with clear expectations, stimulating and accessible materials, and appropriate teaching methods. Discover inventive ways to recognize, interpret, and respond to the daily events in the classroom. Ideas, strategies and resources are presented that are based on the latest in thinking about the art and practice of teaching. |
| **TED 513**  
METHODS OF ENGLISH LEARNER DEVELOPMENT | Marisol Franco | January 6 - February 10, 2021 (Wednesdays) | In this course, candidates will learn strategies to help ensure the success of English language learners in an academic environment. Candidates will examine the theoretical perspectives of second language acquisition, explore teaching strategies for English language learners, and practice applying such strategies in a project-based learning environment. |
| **TED 520**  
ELEMENTARY SCIENCE METHODS | Cady Staff | April 14 – May 19, 2021 (Wednesdays) | In this course, candidates will cover three weeks of social science instruction and three weeks of science instruction. |
Course Descriptions

**TED 521**  
**PRINCIPLES OF READING INSTRUCTION**  
Instructor(s): Bethany Tipton & Monique Knight  
Dates: January 5 - February 9, 2021 (Tuesdays)  
This course is designed to provide the theoretical background and practical application for teaching beginning reading to special education and general education students. This course provides instruction and experience with teaching systematic and explicit skills that promote fluent reading (phonemic awareness, phonics, spelling patterns, decoding strategies, etc.), comprehension (analysis of text structure, summarizing, questioning and making inferences, etc.) and a variety of whole class, small group, and individualized instructional strategies to meet the diverse needs of special education students. This course focuses on methods for integrating the language arts (listening, speaking, reading, and writing) and emphasizes formative, ongoing assessment that informs teaching, provides opportunities for intervention, and ensures accountability. Education Specialists and Multiple Subjects participants are provided with additional RICA resources and supports.

**TED 535 (a)**  
**TEACHING & LEARNING II (a): ELEMENTARY LITERACY**  
Instructor(s): Rosemarie Rydeen & Desiree Sullivan  
Dates: February 16 – March 23, 2021 (Tuesdays)  
In this course, participants will explore how to construct learning experiences for students that develop the habits, dispositions, skills and content knowledge relevant to literacy. Participants will become familiar with pedagogical approaches to teaching academic content that develops literacy skills. Through the design of open-ended, student-centered, constructivist learning experiences, participants will investigate how to integrate authentic teaching, learning and assessment of foundational skills, such as reading and writing. Participants will also learn how to intentionally develop academic mindsets, such as belonging, growth mindset, efficacy/purpose, in students in relation to literacy.

**TED 535 (b)**  
**TEACHING & LEARNING II (b): ELEMENTARY MATH**  
Instructor(s): Ratha Kelly & Adam Ko  
Dates: September 22 – October 27, 2020 (Tuesdays)  
In this course, participants will explore how to construct learning experiences for students that develop the habits, dispositions, skills and content knowledge relevant to math. Participants will become familiar with pedagogical approaches to teaching academic content that develops inquiry, critical thinking, creative problem solving, collaboration, and communication skills in regards to math. Through the design of open-ended, student-centered, constructivist learning experiences, participants will investigate how to integrate authentic teaching, learning and assessment of foundational skills within numeracy.

**TED 536**  
**BRAIN HEALTH & SOCIAL EMOTIONAL DEVELOPMENT**  
Instructor: Nuvia Ruland  
Dates: April 13 – May 18, 2021 (Tuesdays)  
This course is designed to provide participants with a foundational understanding of neuroscience so that teachers may develop a deeper understanding of child to adolescent brain and social-emotional development. The aim of this class is for teacher candidates to observe and identify typical and atypical social-emotional development and to apply this understanding into compassion-based and restorative-teaching practices in the classroom. This course is designed to provide candidates with an understanding of the following: 1) the brain as the organ that houses memories, emotions, cognitive processes and behaviors; 2) brain trauma caused by physical and/or environmental experiences that lead to maladaptive regulation of emotions and behaviors; 3) pain and reward circuits in the brain that impact learning and social-emotional development; 4) compassion-based and restorative teaching practices to influence interpersonal dynamics and response to student behaviors and achievement; and 5) student well-being school structures and teacher responsibilities for supporting students. Teacher candidates will demonstrate an understanding of topics by completing a profile of three focus students for CALTPA Cycle 1 Step 1.
Course Descriptions

TED 537
**DESIGN FOR DEEPER LEARNING**
Instructor: Jamie Holmes
Dates: August 11; August 19 – September 16, 2020 (Wednesdays)
Participants will deepen their project-based experience by exploring issues of design, content, assessment, ownership, and exhibition. Using a consultancy model along with various templates for PBL design and assessment, participants will reflect upon past and current projects and plan future ones. Special attention will be paid to working and consulting with colleagues and community partners on project and curriculum development.

TED 538
**AUTHENTIC ASSESSMENT**
Instructor: Dawn Wirts
Dates: November 4 – December 16, 2020 (Wednesdays)
In this course, participants will examine current theories of learning, discuss the implications for assessment, make connections between assessment and instructional decision-making, and tease apart the differences between assessment and evaluation. Special attention will be paid to student-led assessment and dialogical assessment as vehicles for student voice in the classroom and more meaningful assessment. The course supports participants in identifying the types and quality of teaching artifacts that should be collected and presented in their TPA as well as an overview of expectations and submission requirements for the CalTPA Instructional Cycle #1.

TED 539
**TEACHING & LEARNING III: SEMINAR**
Instructor: Diana Cornejo-Sanchez
Dates: April 17 – March 24, 2021 (by appointment)
Participants learn about the Teaching Performance Assessment (TPA) requirements and how they relate to the CA Teaching Performance Expectations (TPE). The seminar supports participants in identifying the types and quality of teaching artifacts that should be collected and presented in their TPA as well as an overview of expectations and submission requirements for the CalTPA Instructional Cycle #2.

TED 541
**EQUITY & DIVERSITY**
Instructor(s): Amanda Borow & Enrique Lugo
Dates: September 23 – October 28, 2020 (Wednesdays)
In this course, participants explore the implications of culture—particularly the relation between “home culture” and “school culture”—for teaching and learning. Participants consider their own backgrounds as well as the background experiences, values, and languages of diverse student groups. They discuss and apply structural and pedagogical approaches that provide both access and challenge for diverse learners. In particular, the course will focus on how teacher and student expectations affect student achievement, for better or worse. Each participant will generate a final product describing concrete steps taken to address the essential questions for the course, and reflecting on the intersections between one’s own emerging identity, student diversity and school culture.

TED 542
**SECONDARY READING METHODS**
Instructor: Lisa Griffith
Dates: January 5 – February 9, 2021 (Tuesdays)
This course prepares participants to teach content-based reading and writing skills to all students. Participants review and analyze how to use formal and informal assessment instruments to inform reading instruction and reflect upon their practice. The course is designed to teach methodologies that will include a comprehensive, systematic reading and writing program across a full range of student learners (struggling readers, English learners, and gifted and talented students). Emphasis in this course is on how to teach reading and writing to students at varying age levels with a variety of different disabilities. Participants examine and assess their own reading and writing strengths using meta-cognition strategies to improve their practice in teaching reading. Interns learn how to use critique strategies to help students understand the specifics of writing.
TED 543
TEACHING & LEARNING I
Instructor: Matt Sheelen
Dates: August 11 – September 15, 2020 (Tuesdays)
In this course, participants learn the skills and acquire the tools necessary to develop classroom learning communities that promote equity and student engagement. Participants learn ways to: create effective, student-centered classroom environments, establish rapport with all students, support students with learning disabilities, and develop relationships with students’ families. Course goals include developing teaching skills to start the school year, including: classroom management skills, structures, norms, routines, incorporating student voice and choice into the classroom, and understanding of equity, diversity and empathy issues in a K-12 environment.

TED 544 (a & b)
TEACHING & LEARNING II: SECONDARY CONTENT AREA
Instructor(s):
544.1 Arts (Chris Mutter)
544.2 English (Maria Cesena)
544.3 Math (Sarah Strong)
544.4 Science (Chris Olivas/Meghan White)
544.5 Social Science (TBD)
544.6 World Languages (Yoli Soler)
Dates (A): September 22 – October 27, 2020 (Tuesdays)
Dates (B): February 16 – March 23, 2021 (Tuesdays)
In this course, participants will explore how to construct learning experiences for students that develop the habits, dispositions, skills and content knowledge relevant to their subject and grade level. Participants will become familiar with pedagogical approaches to teaching academic content that develop inquiry, critical thinking, creative problem solving, collaboration, and communication skills. Through the design of open-ended, student-centered, constructivist learning experiences, participants will investigate how to integrate authentic teaching, learning and assessment of foundational skills and inquiry in sciences. Participants will also learn how to intentionally develop academic mindsets, such as belonging, growth mindset, efficacy and purpose, in students in relation to their subject and grade level.

TED 550
INTERN FIELDWORK I (MS/SS)
Instructor: Diana Cornejo-Sanchez
Dates: Ongoing; All Academic Year
Fieldwork provides year one participants with the opportunity to apply and practice the learning theories covered in their teacher training sessions in a classroom setting in their subject area. It is expected that participants demonstrate a strong understanding of the TPEs and exhibit the qualities of an effective and professional teacher. The candidate will demonstrate this through working with an assigned mentor in their subject area. Throughout the school year, participants work with their mentor teachers and are provided extensive opportunities to analyze, implement, and reflect on identifying and solving subject-specific problems inherent in clinical teaching, lesson planning, classroom organization and management.

TED 560
INTERN FIELDWORK II (MS/SS)
Instructor: Diana Cornejo-Sanchez
Dates: Ongoing; All Academic Year
Fieldwork provides year two participants with the opportunity to apply and practice the learning theories covered in their teacher training sessions in a classroom setting in their subject area. It is expected that participants demonstrate a strong understanding of the TPEs and exhibit the qualities of an effective and professional teacher. The candidate will demonstrate this through working with an assigned mentor in their subject area. Throughout the school year, participants work with their mentor teachers and are provided extensive opportunities to analyze, implement, and reflect on identifying and solving subject-specific problems inherent in clinical teaching, lesson planning, classroom organization and management.
**Course Descriptions**

**SPED 522(a)**

**TEACHING & LEARNING II (a): SPED METHODS**

Instructor: Cathryn Magielnicki  
Dates: February 16 – March 23, 2021 (Tuesdays)

In this section participants plan for specialized instruction based on the specific learning needs of students with mild/moderate disabilities. Participants use evidence-based methods to teach/support academic core content areas such as math, reading, and writing. Participants demonstrate knowledge of: instructional Strategies (including supplemental materials); accommodations and modifications; writing IEP goals; progress monitoring; co-teaching, collaboration and consultation; due process, and English learners. Participants are prepared to coordinate the IEP process and service delivery for individuals referred for special education and those identified with mild/moderate disabilities and to address the legal & instructional requirements based on the individual needs of the student with mild/moderate disabilities.

**SPED 522(b)**

**TEACHING & LEARNING II (b): SPED ASSESSMENT**

Instructor: Marissa Thompson  
Dates: September 22 – October 27, 2020 (Tuesdays)

This course prepares candidates to demonstrate knowledge and skills related to using and communicating the results of a variety of individualized assessment and evaluation approaches appropriate for students with mild/moderate disabilities. The course prepares candidates to make appropriate educational decisions on the basis of a variety of non-biased standardized and non-standardized techniques, instruments and processes that are standards-based and/or curriculum-based, and appropriate to the diverse needs of individual students. The class prepares candidates to utilize these approaches to assess the developmental, academic, behavioral, social, communication, career and community life skill needs of students, and monitor students' progress. The program prepares candidates to plan for and participate in state-mandated accountability measures.

**SPED 524**

**AUTISM & TRANSITION**

Instructor: Sarah Barnes  
Dates: April 14 – May 19, 2021 (Wednesdays)

This course will focus on Autism and Autism Spectrum Disorder (ASD) as it is addressed within society and our school systems and will pay equal attention to the importance of recognizing and embracing Neurodiversity and cultural reciprocity. Participants will work on choosing evidence-based best practices to help; meet student needs, provide positive behavior supports, and support social-emotional growth while providing access to the general education curriculum and to meaningful transition plans so that students with Autism and other disabilities can access and find meaningful belonging in their community, higher education, and fulfilling employment.

**SPED 525**

**CASE MANAGEMENT**

Instructor: Bethany Tipton  
Dates: August 11 – September 15, 2020 (Tuesdays)

This course will focus on a specific case management technique while incorporating the real-life case management questions and concerns that come up for our candidates in the field. In doing so this course prepares candidates in case management practices and strategies for students with mild/moderate disabilities and for those referred for special education. Candidates are prepared to coordinate the IEP process including behavior support plans and service delivery for individuals referred for special education and those identified with mild/moderate disabilities and to address the legal & instructional requirements based on the individual needs of the student with mild/moderate disabilities.

**SPED 526**

**TEACHING & LEARNING III: SPED SEMINAR**

Instructor: Sarah Barnes  
Dates: February 17 – March 24, 2021 (by appointment)

Participants learn about the Teaching Performance Assessment (TPA) requirements and how they relate to the CA Teaching Performance Expectations (TPE). The seminar supports participants in identifying the types and quality of teaching artifacts that should be collected and presented in their TPA as well as an overview of expectations and submission requirements.
**SPED 533**
**INCLUSIVE CLASSROOMS**
**Instructor(s): Sarah Barnes & Krista Reed**
**Dates: November 3 – December 15, 2020 (Tuesdays)**
This course offers an exploration of the theory and practice behind inclusive approaches that are designed to provide access to the curriculum for diverse learners in heterogeneous classrooms, including English Learners, students with IEPs and 504 plans, and students from traditionally marginalized groups. Grounded in a commitment to high standards for all students, participants engage in micro-teaching and consultancies to experiment with differentiation strategies in their own classrooms and schools. Special attention is paid to working/consulting with colleagues in these areas.

**SPED 550**
**INTERN FIELDWORK I (ES)**
**Instructor: Sarah Barnes**
**Dates: Ongoing; All Academic Year**
Fieldwork provides participants with the opportunity to apply and practice the learning theories covered in their teacher training sessions in a school setting. It is expected that participants demonstrate a strong understanding of the TPEs and exhibit the qualities of an effective education specialist. The candidate will demonstrate this through working with an assigned mentor in special education. Throughout the school year, participants work with a mentor at their school site and gain experience case managing the IEP and assessment process for students. Participants will demonstrate the ability to implement strategies that ensure access to the general education curriculum for their students. Participants will achieve this through consulting, collaborating, co-teaching, and designing individual and small group lessons with classroom teachers.
