

HTHCV Talk Town – Audience Critique

Place an "X" on the scale to indicate where you feel the presentation falls.

Quality of Presentation

Student teachers are knowledgeable in the content matter and can explain the purpose of the lesson. The lesson is easy to follow and understand.

Comments: Maybe slow down, just a little. And use your body language more.

Quality of Interaction

Student teachers approach and engage the student audience. They make a clear effort to involve the class throughout the lesson.

Comments: You definitely engaged us throughout the entire lesson.

Quality of Lesson Materials

The multimedia segment (video) and the handouts adequately support the content presented in the lesson. The video and handouts are of high quality and easy to understand.

Comments: It's kinda hard to understand the pink puppet, but otherwise it was good.

What was your overall reaction to the lesson? What recommendations would you give for improvement?

It was kinda confusing at times, but maybe slow down a little bit.
