OUR GOALS THIS YEAR

INCREASE BREAKFAST PARTICIPATION
Students who eat breakfast perform better in the classroom

High Tech High can only market items that are in compliance with Smart Snacks in Schools (SSIS) and the National School Lunch Program (NSLP)

MARKETING HEALTHY FOOD
Our Student Lunch Assistants will now also serve as our Wellness Coordinators. They work first hand with students and can identify needs throughout the school campus.

WELLNESS COORDINATORS

FOOD IN THE CLASSROOM
High Tech High encourages non-food items to be used as rewards and during classroom celebrations

NUTRITION EDUCATION
Teachers are provided resources to implement nutrition education in the classroom
