School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Principal, High Tech Middle Media Arts

About Our School

Melissa Daniels came to High Tech High in 2006 after seven years of teaching at international schools in Cairo, Egypt, Rio de Janeiro and Brazil. While overseas, Ms. Melissa was fortunate enough to travel to many fascinating places. Some of her most memorable experiences include swimming with pink dolphins in the Amazon, cruising down the Nile River, snorkeling in the Red Sea, trekking the hills of Thailand, and horseback riding in the Chilean Andes.

Originally from North Carolina, Ms. Melissa earned her B.A. in English Education from the University of North Carolina at Chapel Hill, and her M.Ed in Teaching English as a Second Language from George Mason University. In 2010, she earned another M.Ed in School Leadership from High Tech High's own Graduate School of Education. When she's not in the classroom, Ms. Melissa enjoys traveling, taking photographs, doing Pilates and yoga, reading, going to the beach, and watching basketball games featuring her beloved UNC Tar Heels.

School Description and Mission Statement (School Year 2019—20)

HTMMA offers a fun yet challenging, technologically-rich, project-based learning environment for 6th to 8th graders. Diverse groups of students collaborate to solve problems, complete tasks, and CREAT E. The walls boast student-crafted projects, and provide a small glimpse into the creative minds of our students and teachers.

At HTMMA, teachers design the project-based curriculum. They focus on personalization, tapping into student interests to make learning relevant and developing 21st century skills such as critical thinking, effective communication, deep content know ledge, collaboration, and creativity. Each year, students team with a humanities teacher, a math/science teacher, and a Fine Art, Drama, or Multimedia teacher.

In early spring, HTMMA students participate in a unique two-week intensive course called Intersession, where teachers engage students in a topic about which they are passionate. Previous courses have included engineering and physics, oceanography, theater productions, service learning projects, space exploration, backpacking, and much more.

School Facility Conditions and Planned Improvements

HTMMA occupies the second floor of a 91,140 square foot, three story building that was originally built in 1967+/-, but was completely renovated in 2005. The building is in excellent condition, with maintenance and custodial services provided by on-site staff. There are no maintenance needs beyond those that are routine for a school of this size. A 70 Kw photovoltaic system was added to the roof in 2014. LED lighting and other energy upgrades were implemented in 2016.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven
Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2017–18	School 2018–19	District 2017–18	District 2018–19	State 2017–18	State 2018–19
English Language Arts / Literacy (grades 3-8 and 11)	46.0%	57.0%	55.0%	55.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	32.0%	40.0%	45.0%	46.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019—20)

High Tech Middle Media Arts' Parent Association has been instrumental in improving communication with parents and getting more parents involved in making decisions that positively affect student learning outcomes. The Parent Association holds monthly at the school site. Parents have an active voice at HTMMA. Parents have ample opportunities to volunteer in classrooms, plan and coordinate fundraising efforts to give money back into school programs by way of a grant program, foster a positive social environment for students from all communities, provide optimal nutrition to students during testing times throughout the year, and communicate to all members of the community via a parent e-newsletter and weekly news blast.

State Priority: Pupil Engagement

Last updated: 1/23/2020

School Safety Plan (School Year 2019—20)

High Tech Middle Media Arts updates its safety practices yearly and the safety plan is on file at the front desk and in each classroom. All students practice evacuation procedures multiple times each year. School evacuation maps are strategically located throughout the school. The safety plan includes addresses prevention, response, and recovery related to emergencies.

Prevention: Prevention programs are the first component in an integrated school safety plan. The purpose of the program is to create a safe school environment that supports academic achievement. These programs address a variety of issues to include violence/substance abuse and threat assessment. HTMMA's primary goal is to prevent emergencies.

Response: Some emergencies or disasters cannot be prevented. In those cases the second component, emergency response and operations plans are in place to insure an effective response. The school will minimize the impact of an emergency or disaster. It is important for all involved response entities to coordinate and plan their activities in advance. This will minimize confusion and enhance the response.

Recovery: HTMMA is prepared to assist students and staff in their emotional recovery from an emergency. We consult with outside partners in counseling and emotional support services.
