SCHOOL PROFILE 2022-2023

High Tech High North County opened its doors in September 2007 and is based on the growth and success of its sister school High Tech High. Founded by an industry and educator coalition, HTH North County is an independent public charter school serving 429 students in grade 9–12. The school’s mission is to prepare a diverse range of students for post secondary education, citizenship, and leadership in the increasingly technological and interconnected world. Innovative features include performance-based assessment, daily shared planning time for staff, state-of-the-art technical facilities for project based learning, internships for all students, and close links to the high tech workplace. Fully accredited by the Western Association of Schools and Colleges, High Tech High North County (HTHNC) graduated its first class in June 2011.

CEEB Code: 054219  |  Total enrollment: 415, grades 9–12

STUDENTS & FACULTY

High Tech High North County students reflect the full socioeconomic and cultural diversity of the San Marcos Unified School District. The criteria for admission are simple: California resident, graduation from the 8th grade, and an expressed interest in attending the school. Students are chosen for admission via a zip code based lottery system, ensuring a diverse student body. The HTHNC faculty, 26 in all, consists of a diverse mix of master teachers, newly trained teachers, and individuals from industry. Each HTHNC faculty member serves as an advisor to about 15 students. Teachers work in teams, responsible for the academic achievement of the 50–70 students in their group.

PROGRAM

High Tech High North County is not a technology high school, but all students use technology to engage in a wide range of pursuits: scientific, mathematical, literary, historical, artistic, and aesthetic.

HTHNC teachers work in teams to integrate the curriculum across subject areas. Students master critical content while pursuing their interests through individual and small-group projects. Frequent exhibitions and “Presentations of Learning” help students develop valuable skills of analysis and communication.

As High Tech High North County teachers develop curriculum, they consider the California academic content standards and the six core Deeper Learning Competencies, which call for students to: master core academic content, think critically & solve complex problems, work collaboratively, communicate effectively, and learn how to develop academic mindsets. All HTHNC academic core courses have been approved by the University of California.
COURSE OFFERINGS
Rigorous Curriculum without Advanced Placement Courses

The HTHNC curriculum is characterized by courses that encourage students to focus in depth on important concepts and issues. Junior and senior students have the option to take any core-academic course for honors credit. Advanced Placement (AP) courses are not offered because HTHNC focuses on covering topics in depth rather than offering shallow survey courses.

ENGLISH: English I, English II, English III, English III (H), English IV, English IV (H)
MATHEMATICS: Math I (Algebra I), Math II (Geometry), Math III (Algebra II), Math III (H), Math IV, Calculus (H)
LAB SCIENCES: Physics, Chemistry, Biology, Biology (H), Physics 3,4 and Physics 3,4 (H)
FOREIGN LANGUAGE: Spanish I, Spanish II, Spanish III, Spanish III (H)
VISUAL ARTS: Art I, Art II, Video Production, Multimedia III, Multimedia IV
ELECTIVES: Applied Physics & Engineering
DUAL ENROLLMENT: Students have the opportunity to earn up to 15 credits through Palomar College. The courses are taught at High Tech High North County by faculty from Palomar.

To graduate, High Tech High North County students must also complete at least one workplace internship of one hundred hours, plus a substantial Senior Thesis Project.

DIGITAL PORTFOLIOS

In addition to the measures of achievement required of all California high school students, HTHNC students develop a digital portfolio that provides a comprehensive look at each student’s work and learning. Each digital portfolio includes a personal statement, resume, and work samples. The work samples include information about the students’ learning goals, projects and internships. Students update their DP each semester, documenting their learning over time.

ACADEMIC INTERNSHIPS HTHNC

Through the Academic Internships, HTHNC students work and learn at businesses, schools, nonprofit organizations and professional associations around San Diego County. Internships are unpaid and every student is matched with an individual mentor. Each student develops a project that contributes to the organization and is linked to the student’s academic work. Internships are full-time for four weeks during the junior and senior years. HTHNC has developed academic internships with over 100 local businesses and organizations including:

Academic Internship Partners:
- Acal Engineering & Land Surveying
- Alphatec Spine
- Armstrong Gordon & Co (Portrush, Ireland)
- Bent Motorsports
- Boys & Girls Club of San Marcos
- Bressi Ranch Pet Hospital
- Cidara Therapeutics
