## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

### About Our School

Shelley Glenn Lee is the Director of High Tech Elementary North County (HTeNC). She has been with High Tech High for twelve years and was a founding teacher of HTeNC. Shelley has leveraged her collective experience as an informal educator, curriculum developer, professional development facilitator and science education leader to build a strong team at HTeNC. Shelley is excited to support her team in designing student-centered instruction, teaching through equitable practices, and contributing to a culture that values parent, student, and teacher voices. A San Diego native, Shelley holds a Master's Degree in Curriculum and Instruction and a Doctorate Degree in Educational Leadership from San Diego State University. She is active in the community and has served on the Board of Directors for the San Dieguito River Valley Conservancy, the Education Advisory Board for the Escondido Creek Conservancy, and as a Project Director the K12 Alliance California Early Implementers Initiative in which she helped schools and classroom teachers implement the Next Generation Science Standards.

High Tech Elementary North County was opened in 2013 as part of the High Tech High North County Village. The school is designed to immerse students in a rigorous learning environment with open and flexible work spaces, common areas, and a large nature filled playground. At HTeNC, High Tech Elementary North County is a small, diverse learning community with a current enrollment of 443 students. The mission of HTH is to provide students with rigorous and relevant academic and workplace skills, preparing its graduates for rewarding lives in our increasingly technological society. As with all High Tech High schools, HTeNC is founded on four design principles: equity, personalization, authentic work, and collaborative design. These principles drive the project design and implementation in which teachers, students, and community members work together to connect students to the community through authentic learning experiences. These experiences are leveraged in the classroom to engage in meaningful reading, writing, and math. Art, Engineering, and Science exploratory classes enrich the projects with hands-on experiences in the lab and in the field. We recognize that students with different learning needs, family backgrounds and personal interests require individually crafted support and planning. We have a full inclusion team, including a full-time School Psychologist, Student Support Coordinator, Dean of Students, Inclusion Specialists, and Academic Coaches. The classroom student-teacher ratio at High Tech Elementary North County is 24:1. High Tech Elementary North County believes that all students and adults should be treated with dignity and respect and we are community that embraces and promotes a positive and safe learning environment.

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
<b>Permits and Waivers</b>	0.00	1.00
<b>Misassignments</b>	0.90	2.00
<b>Vacant Positions</b>	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	0.90	3.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
<b>Credentialed Teachers Authorized on a Permit or Waiver</b>	0.90	0.00
<b>Local Assignment Options</b>	0.00	0.00
<b>Total Out-of-Field Teachers</b>	0.90	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	6.2	11.1
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	5.5	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

### School Facility Conditions and Planned Improvements

HTENC is a 31,474 square foot, one-story, elementary school built in 2014. The building is in excellent condition, with maintenance and custodial services provided by on-site staff. There are no maintenance needs beyond those that are routine for a school of this size. A 157 Kw photovoltaic solar system was completed in December of 2016. This system, shared by HTHNC, will greatly reduce the school's energy bill.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	45	35	52	49	47	46
<b>Mathematics</b> (grades 3-8 and 11)	30	26	28	31	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

High Tech Elementary North County's Parent Association and Padres Unidas have been instrumental in improving communication with parents and getting more parents involved in making decisions that positively affect student learning outcomes. Both parent groups hold monthly meetings and work collaboratively to plan community events such as Village Fest. Parents have an active voice at HTeNC. Parents have ample opportunities to volunteer in classrooms, drive and chaperone on fieldwork, as well plan and coordinate fundraising efforts to support school programs.

## 2023-24 School Safety Plan

HTeNC reviews and updates its Comprehensive School Safety Plan (“CSSP”) and Confidential Site Emergency Response Plan (“SERP”) annually.

The CSSP is shared with students and families online via the HTH website at [www.hightechhigh.org](http://www.hightechhigh.org). The CSSP and SERP are shared with staff at the beginning of the school year, and the emergency policies and practices outlined in the CSSP and SERP are shared with students throughout the year during practice drills.

The plan includes policies and procedures addressing topics such as: disaster preparedness; crisis response; mental and physical health; earthquake emergencies; school learning environment; discipline, suspension, and/or expulsion; hate crime reporting; child abuse reporting; release of a pesticide or toxic substance; and more.

## Professional Development

Professional development is an important facet at HTH schools. Dedicated time to hone one's teaching practice is incorporated into each teacher's work year, per their contract, and takes multiple forms:

**Staff days:** Veteran staff return to school eight days before school starts. There are also five staff days throughout the year plus several additional staff days at the end of the year. Staff days are an opportunity for teachers to learn from one another, built on the belief that "we have a lot of expert knowledge right here in our building."

**New Teacher Odyssey:** Prior to the seven or eight staff days for veteran teachers, teachers new to HTH participate in a 5-day "Odyssey." During Odyssey, teachers experience project based learning as learners themselves, engaging in a Project "Slice," a shortened version of a project with the key components.

**Weekly Meetings:** Teachers engage in collegial dialogue through weekly grade-level team meetings. All Staff meet weekly to review and discuss logistics and collaboratively plan and strategize for maintaining a safe and healthy learning community.

Teachers participate in weekly professional development workshops, serving as a theoretical context for veteran and new teachers to reflect on and refine their day-to-day practice. These meetings enable teachers to collaborate, analyze data, plan projects, and tackle dilemmas.

It is worth noting that, as part of the HTH charter management organization, HTH teachers receive additional professional development support through the HTH Credential Program and the HTH Graduate School of Education.

This table displays the number of school days dedicated to staff development and continuous improvement.
